[REDACTED]

Dear Mr Duddy,

The Londonderry Enterprise Zone Committee exists to advise me about all matters associated with the promotion and development of the Zone. It has performed a most useful service in overseeing the launch of the Enterprise Zone and in getting the show on the road. Much more remains to be done in order to promote the attractions of the Zone and to encourage entrepreneurs from both the Londonderry area and further afield to make use of the facilities and incentives which it provides and provide much needed and new employment.

You will be aware that Mr Patrick Rice who ably represented the views of Londonderry traders on the Committee was tragically killed in a road accident at the end of last year and I would very much like to bring the Committee back up to strength by appointing someone with similar interests. I would therefore be most grateful if you would accept my invitation to serve on the Committee and I look forward to your response.

If you wish to have further information about the work of the Committee, the frequency and location of its meetings, etc, perhaps you would contact Mr David White at the Development Office. He will be pleased to give you any information which you require.

*Yours
Chris Patten*
