

Extract from Agreement for the supply of
water to the troops at the Castle Barracks Galway

We the Galway Town Improvement
Commissioners hereby agree to supply such
water as may be required at the Castle
Barracks, Galway on the following terms

Agreement
dated
Galway 3.6.80
Dublin 15.6.80

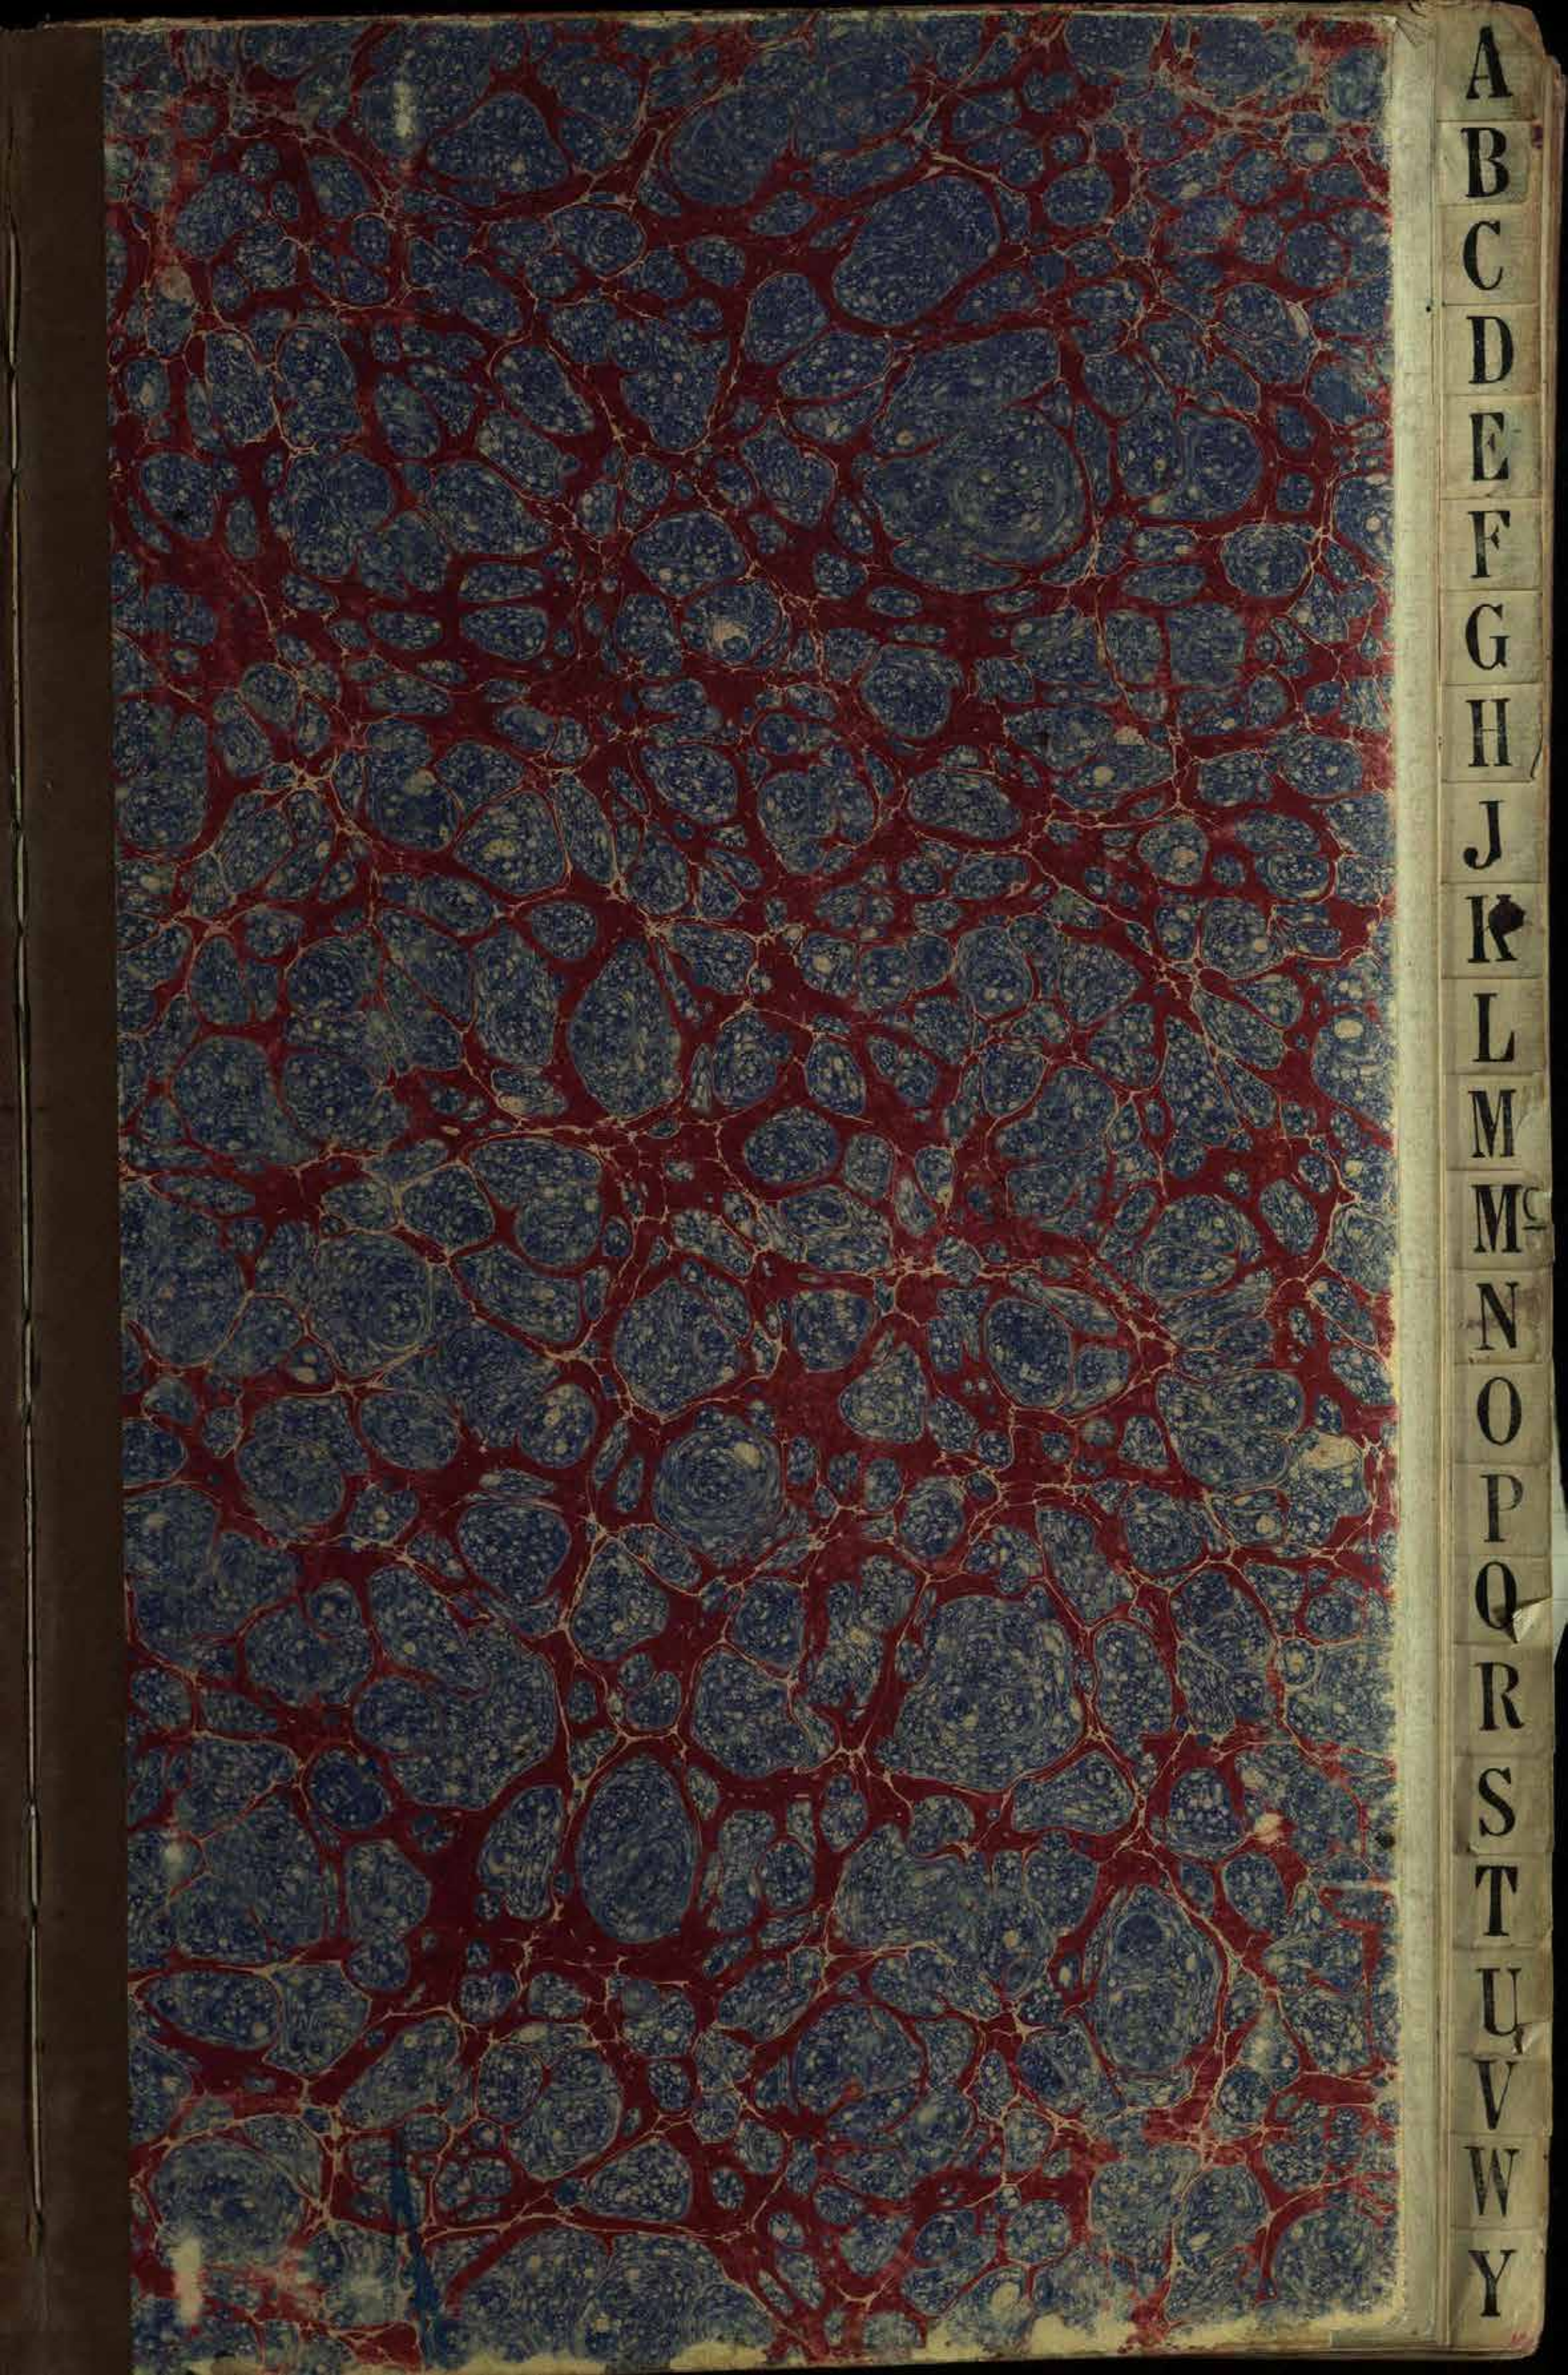

1. That payment will be at the rate
of Fifteen Pounds Sterling per annum
payable quarterly in arrear, to commence
from the date on which the water is
actually used.

2. That the supply of water will be of
good quality and for a force not exceeding
eighty men and forty four horses, or the
equivalent of that force, the consumption of two
horses being considered equal to that of three
men or women, and of one adult equal to
that of two children under fourteen years
of age. The supply to be not less than
twenty five gallons per man.

3. In the event of the total force being
at any time in excess of the strength named in
paragraph 2, an additional payment to be
made in proportion to such excess, should
the force be reduced to less than twenty men
the payment to be reduced to Five pounds per
annum, and it shall be altogether in the
event of the whole force being withdrawn.

The image shows the front cover of an old book. The cover is decorated with a marbled paper pattern. The pattern consists of large, irregular, dark blue or black spots, each containing a lighter, swirling pattern, set against a background of dark red or maroon. The overall effect is a dense, organic, and somewhat chaotic texture. The edges of the cover are slightly worn and discolored, showing a brownish-yellow hue. On the right side of the cover, there is a vertical strip of light-colored material, possibly leather or parchment, which serves as a spine or a label holder. This strip contains a series of small, rectangular tabs, each with a single letter of the alphabet, arranged vertically from top to bottom. The letters are in a black, serif font. The tabs are labeled A, B, C, D, E, F, G, H, J, K, L, M, M^c, N, O, P, Q, R, S, T, U, V, W, Y. The letter 'I' is missing from the sequence.

SUBJECT:

RESOLUTION THEREON:

A letter was read from Manager of the National Bank, calling attention to the state of the Board's accounts which were considerably overdrawn - No 2 in particular which was overdrawn to the extent of £1395. He stated he had no authority to allow such an overdraft and requested that a sufficient rate should be struck to cover the overdraft.

Secretary reported that W. Morris had made no payment of his rate since — and that he had repeatedly applied for his abstract books without effect.

The following resolution was proposed by W. Kearns & carried —

After considerable discussion, & it having been shown that the deficiency was attributable to the Collector W. Morris not having collected the rates.

It was ordered that W. Blake the Solicitor be instructed to proceed against W. Morris' Sureties if his acct was not finally closed by the 1st October.

That we the Galway Town Comm^y protest against the action of the House of Lords, a non representation & irresponsible body in throwing out the Home Rule bill which at so much trouble had been successfully carried through the House of Commons composed of the elected representatives of the United Kingdom. That we thank Mr Gladstone & the Liberal party for the loyal manner in which they acted towards our cause. And that we express our admiration & thanks to the Irish party for so steadfastly watching the passage of the bill.

RESOLUTION THEREON:

BOROUGH OF GALWAY.
IMPROVEMENT RATE.
PUBLIC NOTICE.

WHEREAS, by an Act of Parliament passed in the 16th and 17th years of the reign of Her Majesty, intitled, "The Galway Town Improvement Act, 1853," to enable the Galway Town Improvement Commissioners to levy a rate to be called the Improvement Rate, and for other purposes, and whereas by the Act of Parliament of the 16th and 17th Vic., Cap. 34, (which is incorporated with the said above recited Act), it is provided and declared that notice of the intention of making every Rate authorised to be made under this or the Special Act, or any Act incorporated therewith, and of the time at which the same is intended to be made, and of the place where a statement of the proposed Rate is deposited for inspection by the Ratepayers, shall be given by the Commissioners by placards posted up in Public Places and shall be advertised in some Newspaper circulating within limits of the Special Act, in the week immediately previous to such Rate being made, or as nearly so as may be.

Notice is hereby given, that we, the Galway Town Improvement Commissioners, at our Meeting, to be holden at our Board Room, situate at the Town Courthouse, in the Town and County of the Town of Galway, in pursuance of the powers and authority vested in us by virtue of the said recited Acts of Parliament, will, at the hour of 12 o'clock noon on Thursday, the 7th day of June, 1894, proceed to make an Improvement Rate of 1s in the Pound, to be assessed and levied upon the several Owners or Occupiers of all Buildings, Lands and Premises liable to pay same within and throughout the entire area comprised within a circle of Two Miles from the Church of St. Nicholas, in the Town of Galway. And notice is hereby further given, that the book and statement of the proposed Rate, shall be open for the inspection of any person interested, or rated in such rate, between the hours of 12 o'clock noon, and 3 o'clock in the afternoon of each day (Sunday excepted), until the 7th day of June, 1894.

Dated this 10th day of May, 1894.

By order of the Galway Town Improvement Commissioners.

The following resolution was proposed by Mr Hannon & seconded by D. Freely M.P.

RESOLVED—That we, the Galway Town Commissioners, seeing the statement recently made by Mr. Montagu in Parliament, that a new contract for the carrying of the American Mails is shortly to be entered into, desire to bring under the Notice of the Government the advantages which Galway possesses as a safe Harbour, and in being the nearest port in these Islands to America, and consequently the most suitable for the embarkation and debarkation of the American Mails.

That in order to meet the public requirements in accelerating the Mails, there is no port in these countries possessing the advantages of Galway, and we are confident if this port be selected the Mails can be delivered several hours earlier than by any other route.

That copies of this Resolution be forwarded to the Lord Lieutenant, the Chief Secretary, Lord Rosebery, the Parliamentary Representatives for the City and County of Galway and the public bodies throughout the country, also the Dublin morning papers.

SUBJECT:

RESOLUTION THEREON:

Mr Francis Lydon having made the usual declaration took his seat for the East Ward.

A letter was read from Mr. Young & Co residing in Mary Street, asking that the pathway in that street be flagged.

It was decided to have Mary Street laid with flags as soon as funds permit.

Mr. M. A. Lynch moved that the small piece of pathway between Mr Moon's house & the Post Office be flagged.

The motion was carried unanimously.

A bill for £8 being submitted for the making of a pathway from Mr. Perse's to Mr. Millar's gate at Nun's Island.

It was ordered that the Town Steward ascertain whether the charge is fair; the Bill meanwhile to be held over.

Mr. De Caens bill for brooms being submitted

It was decided to pay £50 on account. Tenders to be invited yearly in future.

Mr. M. A. Lynch proposed. } That we tender our thanks to the N.S.W.

It was unanimously resolved } defraying the entire cost of engaging the
services of an eminent Engineer to inspect, and report upon the
suitability of our harbour to become a port of call of a transatlantic
line of steamers between Great Britain and Ireland, and Canada,
thus giving Galway a chance of establishing her undoubted and
acknowledged claim of being the nearest port to America.
And further that we, at the same time, condemn the mean-spirited & stupid
action of the so-called Board of Public Works in Ireland, in refusing to allow
the Harbour Commissioners to spend a paltry £50 of their revenue towards so
laudable an object—a body whose faulting is mainly to blame for
our Harbour Board being now hopelessly sinking in debt for a
project they should have seen could never become remunerative.

Reports of Committees read and disposed of as follows, namely:—

M. De Caens tender for supplying Bass Brooms at 18/- per dozen was accepted for one year.

A letter was read from Quirkent Office asking if the Commission were prepared to accept the compromise offered, relative to alleged arrears. It was resolved that the Commissioners do not consider themselves liable for the Quirkent in question.

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

The subject of thro' rates from Galway to Cammoria both for passengers & freight came under discussion during which it was stated that much inconvenience is felt thro' the necessity which at present exists for rebooking-morries at the junctions. Secretary directed to write to the Waterford & L. Railway to ascertain why the public are deprived of thro' rates between Galway and Carr.

On motion of W^r Lynch

Seconded by W^r N. Palmer

it was unanimously resolved

That we the Galway Town Commissioners, acting under the powers conferred on us by the Technical Instruction Act 1889, do hereby levy a rate of one penny in the £ over the area of our jurisdiction; the same to be given to the Committee of the City of Galway Technical Institute and to be applied for instruction in the undermentioned subjects which are not included in the branches of Science & Arts, to which Grants are at present made by the Department of Science & Art^t.

1. Wooden Weaving & Designing
2. Dressmaking & cutting out
3. Cookery
4. Laundry work.
5. Bookb. work.
6. Shorthand
7. Typewriting

And that in the opinion of the Commissioners such a form of Instruction is required by the Circumstances of the District. This we regard as our "Arrangement" for instruction in the fore-going Subjects during the School year 1895-6. — As a matter of greater convenience according to the practice of the last two years — we hereby request the Guardians of the Galway Union to collect this rate which we have levied for Technical Instruction.

SUBJECT:

RESOLUTION THEREON:

a discussion having arisen as to the flagging which had been approved from time to time by the Board, but not yet done

It was ordered that the flagging be done in its turn & commenced immediately.

Mr M. A. Lynch proposed the following resolution which was carried unanimously

Resolved:— That we invite the co-operation of the Public Bodies throughout Ireland in pressing upon the Legislature the grievances under which leaseholders in towns suffer, by being compelled at the expiration of their leases to pay an increased rent on their own improvements, with the alternative of eviction. This we believe is a state of the law which should not be allowed to exist, and we urge on our Parliamentary Representatives the necessity of keeping the matter to the front, until some protective measure is passed in the interest of the long suffering town-tenants.

"We would also urge on our representatives the hardship of allowing landlords to injure the trade of towns by refusing either to build on, or let at a reasonable rent for building purposes, old ruins and waste spaces, which undoubtedly injure the trade of those places where they unfortunately exist. We believe there should be a short Act passed compelling such landlords to do their duty, & giving them the alternative of selling, or of building, or letting at a fair rent these vacant spaces."

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

A letter was read from Mrs O Flaherty complaining of obstruction caused by Mr Sleator's new House at Salt Hill being built out of the line of the adjoining houses.

After considerable discussion

It was decided that Mr Sleator having obtained the sanction of the Board before commencing to build, the Board could not now take any action

A letter was read from Mr B. Cooley complaining that the order of the Board as to the flagging from Bot. Office to Mr Moon's gateway had not been carried out

It was ordered that this flagging be done at once

Mr Semple came before the Board and asked that the proceedings instituted against the Tram Co (for not keeping their line on proper order) be stayed. Mr Semple stated he was making every effort to have the line put in order

It was ordered that the Tram Co be given two months to have the line put in order

Mr Jas Morris applied for time to ~~have~~ obtain security for the Rate Collection and

a fortnights time was granted; The Guarantee Co's Query sheet to be submitted to the Board before being sent away.

The following Special Business came before the Meeting:—

EREON:

COMMITTEE TO CONSIDER EXPENSES ETC OF ROADS AND STREETS

adopted
In accordance with a resolution of the Board at their meeting held on the 6th inst naming Dr Grealy, Mr M. Palmer and Mr J.J. Kirwan as a Committee to enquire into the expense of maintaining and cleansing the Roads and streets, and to make suggestions for a better system of check on the Committee met on the 21st inst, Present Dr Grealy, N Palmer and J.J. Kirwan Esqrs.

It was resolved "That this Committee recommend the Board to direct that the Bere Surveyor shall see what men and carts are at work on the roads and streets each day. That the Town Steward keep the accounts of Wages (The labour Book) and that same shall be certified as correct each week by the Bere Surveyor before the cheque to discharge it shall be laid before the Board for signature. That this cheque be in favor of the Bere Surveyor who shall pay the men, and that the weigh Dockets delivered to carters of broken stones be pinned to the weekly account.

adopted
That The Comms fereman Mr Morris shall receive these weigh dockets from the carters and that before receiving any docket he shall see that the stones or other material referred to therein shall be duly unloaded and deposited on the road. To facilitate the carrying out of this check, and that he may exercise better supervision over the men employed in the repair of the roads and streets Mr Morris is to keep these men working on one street or road at a time. In this way he will be the better able to see the number of carts of stones delivered and take up the dockets for same. These dockets are to be handed daily either to the Bere Surveyor or to the Town Steward.

That the Town Steward lay out each morning for the scavengers the work they are to do setting out what streets or streets are to be cleansed (and the several streets should be done regularly), and having laid out the work he is to see that it is done.

"That better horses, and carts of a description more suitable for the work of scavenging should be procured"

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

Secretary was directed to advertise for Gardens for square @ 15/- per week

A letter was read from Mr Jas. Blake Solr to the Board enclosing Councils opinion on the query which the Board directed Mr Blake to submit re the liability of owners adjoining the public Roads to keep the walls bounding their property in repair.

Under Queen's act of 53 the Struts of the Town which were created in the Com^{rs} under the repealed Act were transferred to the new Com^{rs}. By the 25 sect general powers of regulating and otherwise improving the Town and of doing all other Act for promoting the health and convenience of the Town were conferred on them & by the 47 Act of the Towns Act 1847 which is incorporated with the Special Act, the management of all the Struts is to belong to them. Under these Acts I am of opinion that the duty lies on the Com^{rs} of properly fencing and protecting the road in question and I see no ground whatever for throwing on any adjoining owner the liability to any portion of the expense of doing so. I do not think that the circumstances of the present case come under the 83 sect of the Act of 1847—

W. Kenny
House of Commons
11/8/96

On Motion of Mr. J. Lynch & Greah it was ordered that the concreting of the Replanade be continued as far as the sea wall extends (some yards beyond Mr Blake's gate); & that twelve more seats be procured.

John J. Lynch Chairman.

SUBJECT:

RESOLUTION THEREON:

On Consideration of the application of the Galway Electric Company for a Provisional Order from the Board of Trade. Mr Perry came before the Board and stated that if the Commissioners insisted on the insertion in the schedule to the proposed Provisional Order of Salt Hill he would be unable to float his Company but that if the Commrs would waive the insertion of Salt Hill in the schedule he would on the part of his Company undertake to extend the Electric Light Mains to this locality after a short time—

Having duly considered the matter and in view of Mr Perry's undertaking the Board decided to sanction the proposed Provisional ^{order}, as submitted by Mr Perry. The Order as now agreed on is as follows:—

It was ordered that the footpath at New Road be repaired and that the Kerb Stones be dressed—under contract.

A tender for 1000 tons of manure at £2.3.6 was accepted.

SUBJECT:

RESOLUTION THEREON:

After a discussion re
Bohermore and Collep R.

Secretary was ordered to
invite tenders for repair of
these roads for 5 years.

Mr. Campbell moved in
accordance with his notice
of motion that the Tolls
be set and after some discussion it was ~~ordered~~
decided to adjourn the matter for a week, the
secretary in the meantime to make out for the
information of the Board a statement shewing the
income from Tolls at each Gap during the 10
years 1886-96.

At the adjourned meeting held 7th April
and with the information as to Tolls for 10
years before the Board ~~was~~ ~~it~~ it was considered that
having regard to the nett revenue from Tolls & tithes
it would not be advantageous to farm the
Collection and

Mr. Campbell withdrew

Reports of Committees read and disposed of as follows, namely:—

At a special meeting held on 19th July 1897 an application from *Wm H G Belkew & Wm J. Peyton Warren* for the use of *Cyre Square* & certain rights of dosing same & charging for admission thereto at certain times (as stated in the application attached to Minutes) was considered, and granted subject to such conditions as are necessary for the protection of the Commissioners Interests.

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

On motion of Mr Campbell it was ordered that a ~~new~~ ^{camp} ~~be~~ erected on ground at Bridge Street & ~~Neleper~~

a letter from Messrs E & G Stapleton Solicitors for the Patentees of the Fair of Fair Hill was read in reference to the selling of cattle on the fair day at Cye Square &

The Secretary was directed to write Messrs Stapleton (in accordance with the advice of the Boards Solicitors) that the Commrs had no desire to interfere with any rights the Patentees might have but that in the interest of the Ratepayers they would collect tolls in respect of any cattle that might be exposed for sale on their Square as under their Act they were entitled to do. Further that in view of the inconvenience & expense entailed thereby the Commrs did not wish cattle to be exposed on the Square for sale & calling on the Patentees Solicitors to take such steps as would enforce their rights they claim.

Re Mr Campbell's motion to let the tolls & customs

In reference to Mr Campbell's notice of motion the Chairman decided after some discussion that it was unnecessary to put same to the meeting, ^{& that} as the rejection of Mr Platts tender of £900 for the Tolls & Customs at a former meeting was in his opinion illegal that tender was now before the Board for the first time & he therefore held that it could now be entertained.

The Board being divided on the subject it was put to the vote & there were:— For the acceptance of Mr Platts tender 6.

Against

and ~~Mr Platts~~ Mr Platts was accordingly declared contractor his contract to take effect as from Sept 1st 1897.

Paving & Repairing Rate Warrant (16 in the £) & Improvement do (15 in the £) were signed

Manure tenders accepted Martin J. Aherty (No 1) £1.5.0, (No 2) £1.7.6 and No 3. £1.8.9

SUBJECT:

RESOLUTION THEREON:

The Secretary informed the Board that this meeting was convened by him in obedience to the following Resolution:—

SIR,

We, the undersigned Town Commissioners, desire you to summon a Special Meeting of the Board for THURSDAY next, AUGUST 19th, to consider the proceedings at the last Meeting of the Board, when, without any Notice being given to the Commissioners as a body, a party of the Board decided to Let the Tolls and Customs for a year from 1st September next.

To discuss the advantages of the Letting, and to decide whether it shall take effect, and if the Commissioners as a body, are inclined to sanction a proceeding which places a number of families that have been dependent for their livelihood on this Board, at the will of an outsider, without settlement or guarantee, especially when there is no gain to the Ratepayers, or increase of revenue to the Commissioners, but a probable loss.

MARTIN McDONAGH.
C. J. O'CONNOR.
P. J. HANNON.
PATRICK KEARNS.
MICHAEL WALSH.
THOMAS GREALLY.
THOMAS McDONAGH.
JAMES M. CAMPBELL.

To JOHN REDINGTON, Esq.,
Secretary Town Commissioners.

Mr. Campbell said he altogether disapproved of the reference to "Families" in the Resolution. The Chairman said the only question they had now to consider was "Had the action of the Board in entertaining Mr. Platts tender on the 12th inst without notice to the Commissioners that the subject would come on on that day been legal or illegal" The Board divided on this question with the following result.

"That the action of the Board was illegal"	10	Votes
"That the action of the Board was Legal"	3	Votes

It was accordingly decided that the acceptance of Mr. Platts tender on the 12th inst was illegal & that it was not to take effect.

Mr. Campbell gave notice that he would move at the Monthly meeting in October "That the Tolls and Customs be advertised to be let" & that tenders be invited for same.

John Kew as Chairman.

Reports of Committees read and disposed of as follows, namely:—

At a Special Meeting held on the 12th September for the purpose of considering what steps should be taken to have Galway selected as a port of Call it was decided that the High Sheriff of the County should be requested to convene a public meeting to promote this object and that the High Sheriff of the County be asked to operate so as to have the meeting representative of the whole County. A Committee consisting of The Lord Bishop, the Chairman Sir A. Bellew, Col. Colan, Mr. Linkerton, The High Sheriff, Messrs. Dwyer & Ferdinand & the Secretary was appointed to draft resolutions for submission to the meeting.

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

A letter was read from the High Sheriff of the County of the Town of Galway giving his views on the subject of holding the public meeting which the commissioners had asked him to convene (for the purpose of considering what steps should be taken to have Galway selected as a port of call for the Canadian Mail Service) and stating that as in his opinion the time for passing resolution had now passed he hesitated to incur the responsibility of convening a public meeting.

Majority Against Letting 6

The motion was therefore Rejected.

Mr H. W. Holmes Collector of Improvement & Rating Rates attended & asked for Instructions as to the Collection of the Rates on the premises in Earls Island lately occupied by the Galway Gate Co^y Ltd & now in the Occupation of Messrs H. S. Perse Ltd. The valuation of these premises is £200 & Mr Holmes stated that the present occupants declined to pay rates on this sum on the ground that this valuation was assessed on the premises as a manufacturing concern & that this assessment is excessive now that they are only used as warehouses.

The Board decided that they had no power to accept Rates on any lesser sum than the P.L. Valuation, but directed Mr Holmes not to press for the Rates until after next revision, & then to collect the Rates now due only in respect of whatever revised valuation might be made.

If his app^s are ready to be closed before the next revision he is to carry over the Rates now due (in respect of the premises referred to) by Messrs H. S. Perse Ltd as an arrear.

Mr Hennessy proposed that the military authorities be again asked to send the pipe & drum band of the Funnahnt Rangers to Galway. Secretary directed to write.

Mr Perse asked for, & was granted, permission to erect Electric wires along the Canal.

The Board decided to have the Rev Father Daly's portrait repaired.

Waterworks Committee's Report in reference to the object of Messrs Palmer and Bress to increased assessments for Contract Water Rate

Read and Adopted

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

Report of THE WATERWORKS FINANCE COMMITTEE
in reference to the objections to increased
CONTRACT WATER RATE referred to it for con-
sideration

MEMBERS PRESENT. Meeting held 7th Feb 1898.

Col. O'Hara (Chair).
C. O'Connor
E. J. Lee and
James Morris Esqrs.

Gentlemen

RE Messrs Palmers Contract Rate increased from
£2 to £5.

We find that the Hydrant placed in Mr Palmers yard for
use in case of Fire is not and has never been used. The in-
crease of £3 was assessed in this case owing to the fact that
Mr Palmer works an Engine in the yard and feeds stock there.

We also find that there is a water closet in Messrs Palmers
Office which was not taken into consideration when the Contract
rates were being considered.

We therefore recommend that the £2 originally charged for the
Hydrant be discontinued and that the Messrs Palmer be charged
£3 per annum for the water used in the yard and 4/- per annum in
respect of the Water closet.

re MR PERSSE'S OBJECTION.

As to this case we beg to say that the Contract Rate on
the Distillery has not been increased.

The Contract Rate on the MaltHouse has been increased ~~by~~
£13-10-0 in consequence of the establishment of a bottling store
there. We recommend that this increase be maintained

A new contract has been assessed on Mr Persse in respect
of the stables at Nun's Island £1-10-0. This we also recommend
to be retained.

Your obedient Servants

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

Secretary read a letter, forwarded by the Harbour Commrs., from Wm M Healy M.P. to that Board, on the subject of the exclusion of Galway & other cities from the Schedule of County Boroughs and suggesting that the Commrs. should ascertain fiscally the effect of the inclusion of Galway in the County at Large as compared with its present condition and after some discussion

The following letter from the Town Clerk of Clonmel was next read:—

"Town Clerk's Office,
Town Hall, Clonmel,
31st May, 1898.
"DEAR SIR—I have not hitherto had the pleasure of communicating with you respecting the County Borough question, in which my Corporation have taken much interest. It appears that there is still one chance of success, and I have suggested that the five boroughs omitted from the second schedule and the towns of Galway and Newry should before the report stage (21st prox), join in an appeal to the Chief Secretary by way of a memorial under their seals, that representatives from the places interested should meet in Dublin, say at the Gresham Hotel, at half-past eight on the 8th June, or at same time on the 9th or otherwise as may be arranged to discuss the matter, and settle a memorial—and that a joint request for further support also under seal should be sent to the Irish members and others, &c. Kilkenny, Newry and Clonmel have already accepted the suggestion, and I expect the others will join. Would you kindly let me know if your Commissioners would join the movement and send the chairman and yourself to the meeting. An early reply would be a favour.—Yours, &c.
"J. F. O'BRIEN."

It was decided that the Chairman Secretary attend the meeting to represent the Board in the drafting of the Memorial to the Chief Secretary at the Gresham Hotel on the 8th inst. The expenses of the delegates to be defrayed out of the Funds of the Board.

The following communication was read from the Chairman:—

Lenaboy, Galway.
1st June, 1898.
DEAR MR. REYNOLDS—Mrs. O'Hara joins me in requesting you to convey to the members of the Town Board, our very sincere thanks for their sympathy with us in our recent loss, by the death of our son. From all in Galway we have received assurance of sympathy, and the burden of sorrow is certainly relieved by these kind feelings for us. Pray accept also yourself our gratitude for same.
Very truly yours,
J. O'HARA.

Reports of Committees read and disposed of as follows, namely:—

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

Mr. Binns represented to the Board that the payment of the men was not professional work and ^{that he} ought not properly be called on to perform this service and the Board directed that the Town Steward pay the men in future as they considered Mr. Binns should not be asked to do this work which was entirely in the province of the Town Steward.

There were two proposals for the lighting of the town. The ~~Gas~~ ^{Electric} Co specified that they should be allowed ~~no~~ six months in which to lay their mains in the event of their proposal being accepted and as this condition practically put ~~the~~ any consideration of the Electric Co's tender out of the question the Board decided to accept the tender of the Gas Co at £4.10.0 per lamp per annum. The Gas Co to enter into a Bond ~~to~~ ^{for} with two sureties for the due fulfilment of their contract.

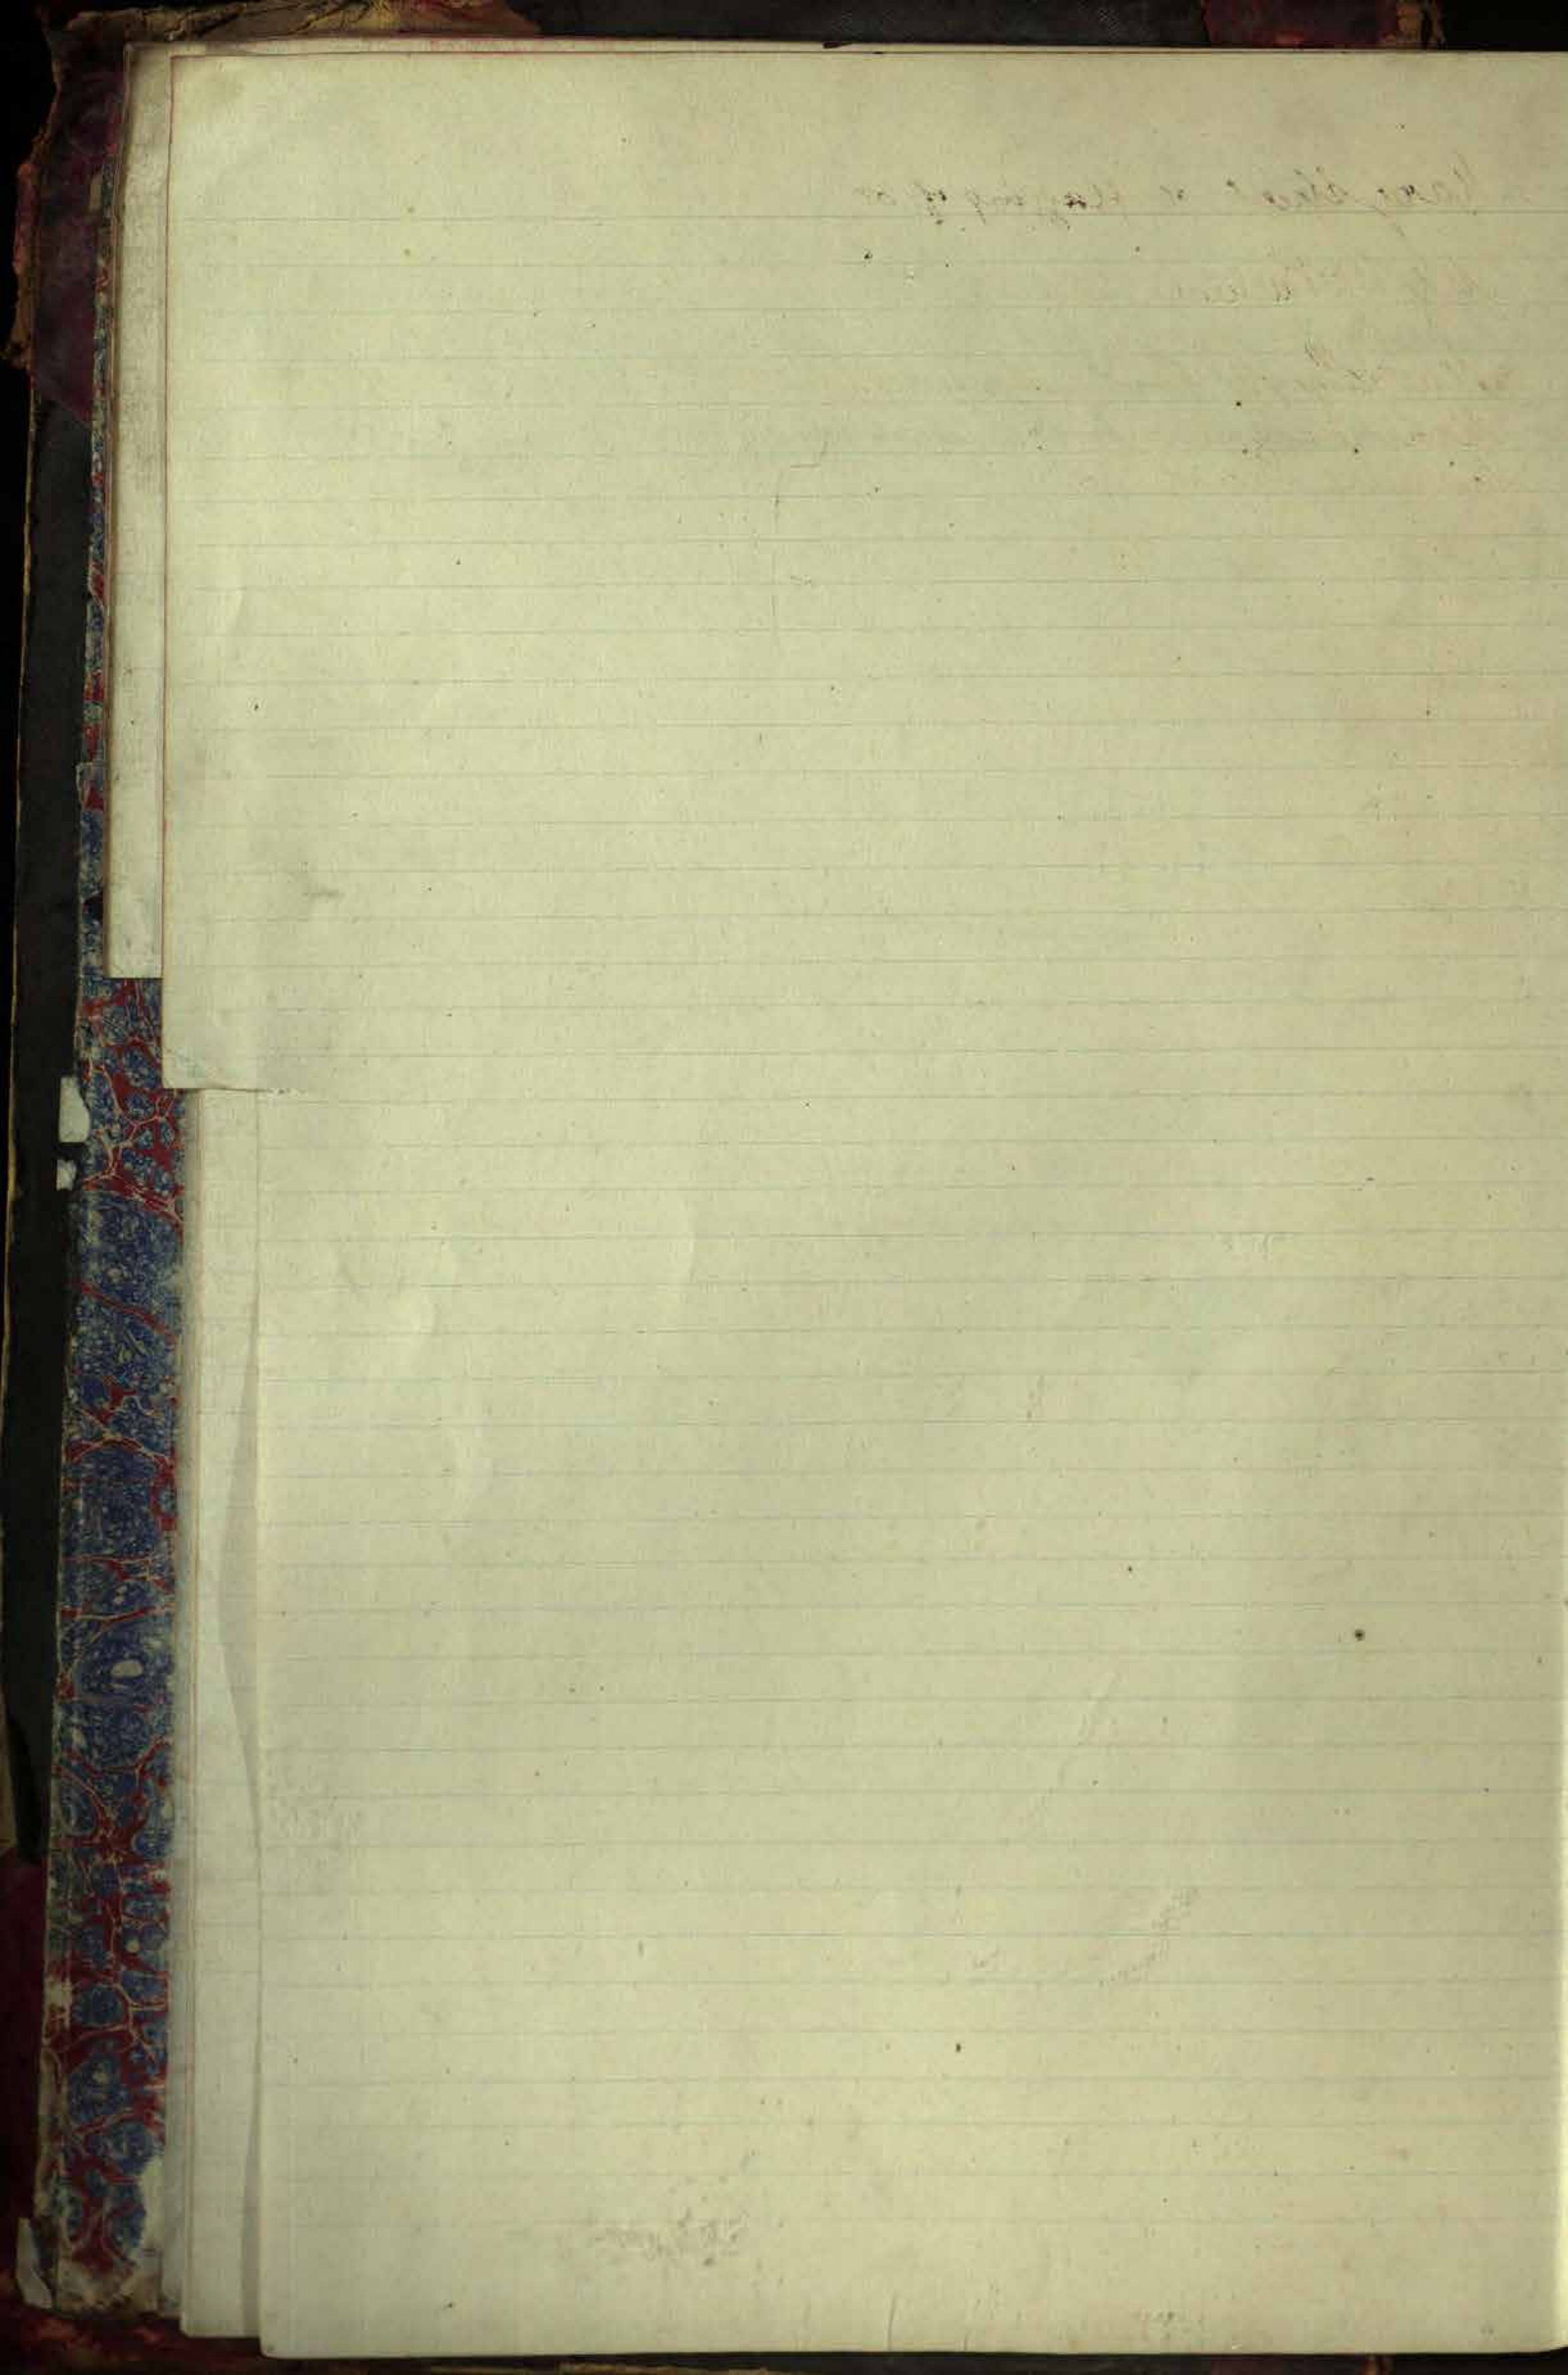

Mr. Binns Box Surveyor was directed to put the Road held by McDonagh (The Furraugh R.) in proper repair unless the Sureties do so at once. One of McDonagh's Sureties Mr. Led ^{John} Sullivan undertook at this meeting to have two ^{hundred} carts of broken stones on the road within the next few days.

The following tenders for manure were accepted:

Jim Glynn	no 3	£1. 10. 7
Denis Halpin	nos 1 & 2	2. 11. 6

A tender from Mr. F. Dooley for the supply of a desk in the Secretary's Office at £14 was submitted and accepted. the Board only to pay half the cost the balance being borne by the Secretary.

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

W. M. Dougall moved in accordance with his notice of motion that the Town Watchmen wages be increased by 2/0 p week, there being no seconder the motion fell through.

The Secretary intimated to the Board that W. M. Dougall moved in accordance with his Notice of motion that a safe be purchased for the purpose of safely keeping the Comr. papers.

A discussion took place on the price to be given for the safe, and it having been put to the vote of the Board it was ordered that a safe be purchased for £10.

The Question of the Wires of the Galway Electric Company came on for the consideration of the Board, every member having been duly notified, and W. M. Dougall proposed & W. J. O'Sullivan seconded that they report to the Board of Trade that no accident of any kind has occurred with the overhead wires at present in Galway, that on the understanding that the price will be lower to consumers through overhead wires, we approve of overhead wires, that we agree to the proposal of the Electric Company that the future use of the overhead wires by the Company will be decided by the Board of Trade.

W. J. M'Donagh moved an Amendment that the Electric Wires be placed underground which was seconded by W. Campbell, and the matter having been put to the vote of the Board. Six voted for underground wires & eight voted for overhead. W. M. Dougall's resolution was therefore Carried.

SUBJECT:

RESOLUTION THEREON:

W. J. Sullivan, requested the Secretary to look up the minutes of three years ago and ascertain the date and particulars of a letter of Mr. M. A. Lynch tendering his resignation of his seat at this Board.

The Chairman ruled W. Sullivan out of Order. but it was agreed that the Secretary look up the information for W. Sullivan's benefit.

W. J. Sullivan, requested that the Secretary be directed to write to the Gas Company and ascertain who were their directors with the object of preventing their voting at this Board should they also be Members of same on any question in which that Company may be interested. No order - the Chairman stating that we had no right to demand such information but that he was quite sure should W. Sullivan apply at the Gas Office he would be courteously supplied with the information.

Mr. J. Ashe proposed & W. M. Sullivan 2^d seconded that the recommendation of the Financial Committee as to the printing and advertising be put in force. It was accordingly agreed that tenders be advertised for at next monthly meeting.

The Secretary was instructed to write to all persons having accounts with the Commissioners to furnish the same at once, including the Solicitor.

There were four applications from Road Contractors demanding an increase in the Contract price of their roads owing to unforeseen increase in the traffic on same, caused by the new Railway Works. A vote was taken as to consulting Mr. Blake Solicitor, on the legality of giving them any extra payment, and the Board was unanimous that Mr. Blake be consulted.

RESOLUTION THEREON:

To Consider the advisability of opposing the Bill presented to Parliament by the Midland Railway Company to purchase Newcastle with Tail Race &c

It having been shewn to the Comm^r that the Midland Company intended to supply themselves with water from Newcastle by running a line of pipes from Newcastle to their station at Falway and that these contemplated works if carried out would seriously affect the present supply of water to the Town the following resolution was unanimously agreed to —

That our Secretary direct Mr Blake at once to communicate with Mr Bell parliamentary Agent, to lodge a petition on the part of the Commissioners to oppose the Bill in the interests of the Town of Falway with which the proposed work will interfere in annihilating the water supply to the Town

Reports of Committees read and disposed of as follows, namely:—

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

Special Meeting Called to receive the report of the Committee appointed to select a site for the Horse Show.

Read Letter from Colonel Otara:

The following report of the Committee was read.

6 May 1892

" This body met in the Square today at 12 noon as previously arranged and having heard a statement from Mr Perse as to the capabilities of the Square for a Horse Show & the railing in of the grounds. So as to protect the shrubs & flowers came to the conclusion that a Horse Show was desirable and that they would give every assistance in carrying out the project.

" Your Committee then inspected Mr M Donagh's yard known as the Battery and Mr Perse considered it would be very suitable place for a cattle show in connection with the Horse show.

" Mr H M R Murphy who was asked to assist the Committee - gave his opinion said it would be a very fine place to erect a few stalls and have the horses also accommodated and trotted out for inspection. Mr M Donagh who was of the Committee & present kindly consented to give the use of the field paths for the occasion."

The Committee then adjourned to Monday (this day) to have the sanction of the Board as to their action in the matter.

Mr Perse said the report correctly stated what took place and that he would now place himself in the hands of an Organizer of these shows & report to the meeting on an early day.

The report of the Committee was unanimously adopted & it was resolved that the Square be used for the purpose.

The offer of Mr M Donagh placing his yard known as the Battery at the disposal of the Committee without charge, was gladly accepted & the Secretary was directed to write & thank Mr M Donagh.

Secretary was directed to invite the cooperation of the City & County High Sheriffs & inform them that the show would be held as near the time of the Assizes as possible.

The following Special Business came before the Meeting:—

SUBJECT: *Warrants*

RESOLUTION THEREON:

Considerable discussion arose as to the overdraft at the Bank caused by the Collections of Paving Rate and Improvement Rate not having been closed by Mr Morris - The Secretary stated that he had repeatedly brought the matter to the notice of the Board and also that it was impossible that the Board's affairs could be properly conducted unless these Warrants were closed.

Secretary was directed to write to Mr Morris giving him one month to have his accounts passed.

Sir Valentine Blake spoke of retiring from his Seat at the Board owing to Mr Perse having been unseated at the recent Election - but no further step was taken by Sir Valentine with regard to any notice of his resignation

The Secretary brought to the notice of the Board an important point with regard to the recent election: - viz which of the three members Elected for the East Ward was to take the Seat of Thomas Arke dec^d. The particulars of the voting was laid on the table by the Secretary. The general impression appeared to be that Major Lynch although having the least number of votes should retain his old Seat for which he sought reelection & that Messrs M^r Donagh & Walsh arrange between them which should take M^r Arke's place

No definite resolution was adopted.

D^r Lydon recommend that there sh^d be a better system of scavenging the back streets and lanes of the town, and it was suggested that flushing them with water would be best way of cleansing them

It was ordered that the Town Steward flush the said streets two or three times weekly and also to employ additional men if necessary to properly scavenging the back streets.

SUBJECT

RESOLUTION THEREON:

The question of the filling in of the hole at the Claddagh was again before the Board. & Mr Morris who was present stated he was prepared to give £15. as estimated by B. Surgeon that it would cost. Secretary was directed to write again to Messrs Slapleton to have the hole filled in.

Letter read from Colonel Otara. as to the advisability of a footpath from Mack Hotel to the Bank of Ireland. Comm. decided not to consider such a proposal having regard to the orders still on the books for Prospect Hill & other places to be flagged.

Mr Dudgeon for the Telephone Co of Ireland waited on the Board and asked for liberty to erect poles required for the use of a proposed telephone exchange for railways. Ordered to convene a special meeting to consider the question.

Mr Hennessy moved according to his notice that P. Cunningham's road money be increased. Mr Campbell seconded. Amendment moved by Mr Keenan that he get no increase. Mr M. Cunningham withdrew his brother's application and the matter dropped.

Meeting adjourned to 20th for the purpose of signing the Warrants for the Parish & Repair Rate.

RESOLUTION THEREON:

An account was submitted for 3^s/ for labourers employed at the late fire in Cross Street and it was decided to pay this amount

~~A long report was read with reference to the unsanitary condition of the Claddagh. The Committee stated they had visited the place and found the surface channels on private property. The Committee recommended that a public cloach be erected, and also that with the exception the public a special scavenger and cart be employed there every day to keep the place thoroughly clean.~~ ~~And the Report was adopted with the exception the public Water cloach the consideration of which was postponed for the present.~~

Tenders for advertising were read, and that of W. Sleanor was accepted at 8^d per line

W. Mc Donagall's tender for printing for nine months at £58-10-0 was not accepted and it was decided to re-advertise and obtain tenders for the work in detail

W. Martin Mc Donagh was appointed as a member of the Compulsory Education Committee in room of the late W. N. Palmer

The Secretary of the Railway Railway Co. came before the Board and asked for six weeks time to put the line in repair and it was decided to give the Company one fortnight

The Secretary was requested to convene a meeting of the Road Committee to consider the question of scheduling the main roads of the Town with the County roads.

THE SECRETARY read the Schedule of Main Roads declared by the
County Council within the Urban Boundary; the calculations in
regard to same and to the County at large main roads prepared
by the Borough Surveyor, Opinion of Mr T. M. Healy Q.C.M.P. and
the General Order of the Local Government Board in regard to the
Cost of obtaining Provisional Orders under Public Health Act.

Report.

Your Committee beg to report for the information of the
Council that they have carefully considered the question of
the effect on the finances of the Town which the carrying into
effect of the proposed County Schedule of Main Roads would have.

Under the arrangement proposed by the County Council the
Urban District would obtain half the cost of keeping the Roads
within the Urban District which are Scheduled as main roads on
the Certificate of the County Surveyor that the roads are in
proper condition.

In return for this the Urban District would have to con-
tribute its rateable proportion towards the cost of maintenance
of all the Main Roads in the County.

Leaving the pecuniary aspect out of the question for the
moment it is to be remembered that once the proposed arrangement

have to pay its portion of the cost of the Main Roads, but
would not be certain of getting refunded half the cost of

veyors certificate.

Conclu-
sions ar-
rived at
by the
Committee

Having carefully gone into the figures placed before u
by the Borough Surveyor it is the unanimous opinion of your
Committee that
1. The proposed arrangement would result in a
financial loss to the Urban Ratepayers.
2. It is otherwise undesirable that any body oth
than the Urban Council should have any control whatever over
Urban roads, as the control of any outside body might result
in the hampering of the Urban Council in the carrying out o
any improvements they might consider desirable.
Your Committee therefore recommend:—

SUBJECT:

RESOLUTION THEREON.

GALWAY URBAN DISTRICT COUNCIL

ROADS AND STREETS COMMITTEE

REPORT of the Roads and Streets Committee on the subject of the repair and maintenance of the Streets in the hands of the Council, the system of cleansing and scavenging same and the employment of staff and plant suggested to be obtained in connection with same.

Meeting held 1st May 1899

Present,

E. J. Lee Esqr in the chair

Other members present:— Martin Cunningham, Thomas Grealy Frank Lyden and William Perse Esqrs

R E P O R T.

Your committee beg to report that they have carefully considered the questions referred to them and have come to the conclusion that there is room for great improvement in the present system of repairing and cleansing the Streets in the hands of the Council both as regards the class of men employed and the ~~XXXXXXXX~~ description of horses, carts etc. They are also of opinion that there is not sufficient supervision over the scavenging staff and that the amount of work done is in consequence, not by any means proportionate to the staff employed or the expenditure incurred.

Your Committee are of opinion that in addition to the Foreman it would be advisable to employ a ganger who would work with the staff and having authority over them would see that a fair amount of work would be done as there is reason to believe that under the present system there is much loitering and waste of time which could be and ought to be prevented.

Your Committee therefore beg to recommend:—

1. That the Council should procure its own horses and also carts suitable for scavenging work. It is considered that the Yard belonging to the Council at the Bowling Green could be utilized for stabling accommodation, and it is recommended that Mr Morris should be placed in charge of the horses and that his wages be raised to £1 per week.

It is recommended that the scavenging staff be reduced from 15 men at 13/- per week to 11 men at 15/- per week. That the Town Steward be instructed to get a good class of men and that the staff be placed under a working ganger who should be instructed to report at once to the Town Steward any negligence or bad working on the part of any of the staff.

3 That a stone breaker be procured *Mr Morris to ascertain cost and report.*

Your Committee is strongly of opinion that the new plant recommended to be obtained would affect a substantial saving to ~~XXXXXX~~ the Council, but, of course, their recommendations are subject to the approbation of the engineer as to the question of cost.

It is the opinion of the Committee that a Bye Law should be made by the Council dealing with the nuisance of throwing out refuse, papers etc on the streets at night and recommend that either ash-bins such as are in use in other towns be procured or that a cart be sent out every morning to collect dust, papers etc from the shops and other premises. The present practice is not only objectionable but dangerous as papers flying about are liable to frighten horses and thus endanger life.

~~MAIN ROADS (Local Government Act)~~

~~The opinion of Mr T. H. Henry on this subject is referred to.~~

Mr Morris to select a ganger at 15/- per week. carried unanimously. Mr Morris to select a ganger at 15/- per week. carried unanimously. Mr Morris to select a ganger at 15/- per week. carried unanimously.

Ask him to supply the public. Notice that parties will be prosecuted. Parties will be prosecuted.

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

MAIN ROADS (Local Govt Act)

The Committee beg to refer to ~~XXXXX~~ the Council the opinion of Mr T. M'Healy in reference to above subject as it is a subject with which the Committee considers it could not satisfactorily deal.

GALWAY AND SALTHILL TRAMWAY

The condition of the permanent way belonging to this Company is very unsatisfactory and the Committee considers it necessary to bring the matter under the notice of the Council. The Council has dealt very leniently with the Company, but this leniency the Committee regret to say does not appear to have been appreciated. It is now recommended that the Tram Company be compelled to place their line in proper condition as in its present state it is actually dangerous to life. It is hardly necessary to impress on the Council that if any accident should happen it is the Council and not the Tram Company who are liable.

Your obedient Servants

For THE ROADS AND STREETS COMMITTEE

Thos. Free, Chairman
Francis Lydon

One fortnight to have it three previous at week and to work continuously

MAY 1st 1899

The Committee have to report that the Council have decided to take the subject of the proposed extension of the railway line into consideration, and it is a subject which the Committee consider it would be well to discuss.

RAILWAY AND RAILWAY TRAMWAY

The condition of the permanent way belonging to this Company is very satisfactory, and the Committee consider it necessary to bring the matter under consideration. The Council have decided very leniently with the Company, and this leniency has been the result of the fact that the Company have been very much assisted in their work by the Government. It is now recommended that the Tram Company should be allowed to use the line in proper condition as in the present state it is actually dangerous to use. It is necessary to recommend the Council that the Tram Company should be allowed to use the line as the Tram Company are the liable.

Very respectfully,
The Council of Galway

And Mr. D. J. Lee gave notice of motion on the subject.

A letter from Colonel O'Hara was read informing the Board that a Local Government Board Inquiry would be held at Galway on the 22nd November for the purpose of determining the financial relations which exist between the administrative County of Galway and the local Authority. Colonel O'Hara pointed out in his letter several matters which would probably be discussed at the inquiry & he (the Colonel) suggested that Council should be fully instructed on these points; A letter from the Local Government Board was also read on the same subject informing the Council that they had instructed their adjusting Auditor Mr. J. W. Drury to hold a Local Inquiry at Galway on Wednesday the 22nd Inst, and it was decided to refer this matter to the Board's Solicitor and that he be authorized to employ Counsel to appear at the inquiry.

A letter from Colonel Woods was read asking for payment of the 9/- for damage done to the men's uniform at the late fire

~~It~~ It was decided to write and ask Colonel Woods for the detailed items of this 9/-

A communication from the Irish Education Department was read informing the Board that the period of service of the School Attendance Committee will terminate on the 31st Decr next

And it was decided to fix a special meeting for the 16th November for the purpose of appointing five members on the School Attendance Committee

Mr. John Moloney's proposal to give 30/- per ton for old iron and metals was accepted—

A letter was read from Miss Grace Richardson informing the Board that she proposed to visit Galway and give a series of lectures embracing the various branches of domestic Sanitary Science and the Secretary was requested to send this communication to the Rev. P. Lally P.P.

A letter from Mr. T. O'Haherty was read thanking the Board for their kind expression of sympathy in his recent bereavement.

RESOLUTION THEREON:

W. Cunningham brought under the notice of the Board the manner in which upper and lower Abbeygate Streets had been left by parties opening these Streets for the purpose of laying down Gas and Electric mains: these Streets in consequence were absolutely dangerous to the public, a notice of motion to the following effect was handed in by W. N. Lydon — I give notice, or someone on my behalf, will move at the next General meeting that the Gas Company & Electric Company or any other Company or person who opens the Streets be charged for putting the Road in repair a sum of 8^s per yard.

Carried

It was ordered that W. Davis report ~~report~~ monthly on the condition of the roads and Streets throughout the Town, and W. Leam was directed to report weekly on the same subject.

W. Nicholas Lydon in accordance with his notice of motion moved that a lamp be erected in the centre of St. Patrick's Avenue and that a lamp in lower Abbeygate St. be lighted at the public expense.

Adopted

The following tenders for manure were accepted —

Patrick Silk	No 1 Heap	£2. 15. 6

RESOLUTION THEREON:

REPORT OF FINANCE COMMITTEE.

as to

TOWN CLERKS SALARY.

The question of the Town Clerks salary and the great increase in his duties cast upon him by the Local Government (Ireland) Act. 1895. Having been referred to us for our report.

We beg to state that we have given the subject our most careful consideration, and having regard to the arduous and important duties ~~which~~ he has to discharge, which have been vastly increased by the late Local Government Act, we are of opinion that his salary is quite inadequate. For many years he has been receiving a salary of only £100- a year, whilst in all other towns in Ireland, even those considerably less in population and valuation, the salaries are much greater.

To show the disparity we give a few instances:-

Urban District	Population	Valuation	Salary.
		£	£
Clonmel	8,480	20,187	335
Armagh	7,438	13,925	250
Drogheda	11,837	24,648	250
Newry	13,681	33,137	250
Athlone	6538	10,080	210

Under these circumstances we recommend that Mr Redington's salary be increased by £25- in addition to the £75- granted by the Local Government Board, even this increase will not put him on equality with other Town Clerks.

RESOLUTION THEREON:

The recommendation of the Committee was adopted with regard to the collector of the Bohermore gap whose wages were increased by 3/- per week in consequence of the extra work on the other stations, and at the same time the Council decided that the collectors be changed from their gaps from time to time in accordance with a previous order of the Board. Such alterations not to be made without the sanction of the Board.

W. Buius was requested to give full particulars of the expense of the Steam roller and crusher since they were brought to Galway, and it was ordered to finish whatever sheets are being repaired and that the Contract be then concluded with the owners of the Steam roller & crusher.

W. N. Lydon's notice of motion to borrow a sum of £1,000 for the purpose of either purchasing a Steam roller and crusher or of keeping the present ones on hire was postponed for the present.

The report of the Finance Committee was read on the subject of the proposed increase in salary to the Town Clerk, the Committee recommended that Mr. Redington's salary be increased by £25 in addition to the £75 granted by the Local Government Board.

And after considerable discussion it was decided to adopt the report of the Committee. A Division having taken place there voted for adopting the report of the Finance Committee — 14

RESOLUTION THEREON:

The following resolution was unanimously adopted.
Resolved. That we the Galway Urban District Council desire to place on record our admiration of the action taken by Edward Martyn Esq. of Tillyra Castle Co. Galway in honourably resigning the honorary office of J.R. D.L. and J.P. for the County of Galway, as a protest to our English Government on account of the long continued abuse of power against Weakness in Ireland, and that so long as Insurers of Mr. Martyn's calibre are living, we as representatives of the ratepayers will never lose an opportunity of recognising such patriotic actions.

Mr. Forcans came before the Board and drew attention to the want of a flagged pathway at New Dock Street, and it was decided to grant Mr. Forcans's request and have a pathway made in this locality.

It was also^{also} decided that the pathway near Messrs. Fahys & Keane's premises in Shop Street be repaired at once.

The demand note of the Galway County Council amounting to £4,930:10:3 having been submitted it was decided to strike a rate of $\frac{3}{8}$ in the £ to meet this demand.

Mr. Bailey having closed his $\frac{1}{2}$ it was decided to give him his poundage at the rate of 8^d in the £ on his collection and that this payment was not to prejudice any future claim he may make for increased remuneration. At the same time Mr. Morris handed in a notice of motion, stating the Poundage of the collector would be considered at the next general meeting.

A letter was read from Messrs. Blake & Keamy with regard to the writ which has been served on Mr. Perry as Secretary to the Millers Association, and after some discussion it was decided to stay further legal proceedings.

Mr. Andrew O'Connor in accordance with his notice of motion, moved that a rate be levied of 1^d in the £ over the area of our jurisdiction to be given to the City of Galway Technical Institute, to be collected as heretofore with the Poor Rate and this was unanimously agreed to.

Tenders for printing were next considered, and it decided to refer this matter to the Finance Committee who subsequently met and declared Mr. E. Daly,

Contractor for one year ending 31st May 1901 for the sum of £17:15:8

Reports of Committees read and disposed of as follows, namely:—

Report of Committee relative to Fire Brigade:

Your Committee have carefully considered this matter & beg to report as follows:—
We consider the present system of employing men merely when a fire occurs both expensive & unsatisfactory.
The expenditure for labour only at fires from March '99 to March 1900 am't to £50.
We consider it absolutely necessary that some permanent hands should be employed to cope with fires when they occur & we beg to make the foll. suggestions to your Board.
It appears that Michael Long w'd be a suitable man to be employed to drive the

Road Roller at a salary of say 30/- per week & an understanding could be come to with the man to act with the Fire Brigade.

We recommend that 10 men be employed as a fire brigade & that they be remunerated on the following scale:—

£1 per Quarter

2/- for each practice

4/- for each fire (if more than 10 hours employed 1/- extra be paid them)

We suggest the foll. names —

Patrick Collins, Middle St.

Thomas Deviney Newtown Smith

Barthly Martin R. Abbeygate St.

Patrick Healy - Claddagh.

Michael Lally - Suckeen

Patrick Quinn - Middle St.

We recommend that practices be held once a fortnight

Edward J. Lee — Chairman
James Morris
Nicholas Hydon

Your Committee have carefully gone through the correspondence rel. to the Road Rollers. Messrs Arcling & Porter are a very good firm & have supplied Rollers to many towns in Ireland. The cost of one of their Rollers w^d be about £44 30. Messrs Fowler have tendered at £430 delivered free in Galway. We think the tender of Messrs Arcling & Porter ^{at £430} sh^d be accepted.

As regards the Stone Crusher the prices of these machines vary very much, but we are of opinion that only a first class one should be purchased. We are of opinion that Marsden of Leeds are the best makers. Their price for suitable machine: £154. N. Hydon, J. Hydon, J. Morris, E. J. Lee.

Adopted unanimously — proposed by Mr R. J. Cooke. Seconded by James Morris

This report was adopted with the exception of that portion appointing the men named therein, and after some discussion the following ten men were appointed to act as permanent hands to act as a Fire Brigade, Michael Joyce, Robert Garvey, Pat Healy, Jos. Murphy, Martin Ryan, Pat Collins, Tom Deviney, M^r Lally, P. Quinn, & James Walsh

The following Notices of Motion were adopted:—

SUBJECT:

RESOLUTION THEREON:

The following resolution was proposed by W. James Morris, seconded by W. M. J. O'Sullivan and unanimously adopted.

We, the Galway Urban District Council desire to express our opinion that running powers should not be granted to the Great Southern and Western Railway Co. over the main line of the Midland Great Western Railway. Granting these powers would be against the interests of Galway and an undue interference with the rights of the Midland Great Western Railway. and that a copy of this resolution be sent to the Secretary Midland Great Western Railway.

There were two candidates for the position of Drwin for the Steam Roller. Thomas Jennings and J. Walsh, and on a poll being taken 11 voted for Jennings and 7 for Walsh - ~~So~~ Thomas Jennings was accordingly appointed.

W. M. J. O'Sullivan in accordance with his notice of motion moved, that a crossing be laid from the corner of the Drilling Houses at the end of Nuns Island to the gateway at the corner of the Poor Clare Convent.

Was carried.

W. Thomas Hughes was declared Contractor for the shoeing of the Council's Horses at 36/- per horse per annum.

RESOLUTION THEREON:

W. P. J. Burke in accordance with his notice of motion moved.

There being no amendment, the Motion was declared carried and Mr. Binns was directed to prepare specifications and have tenders invited.

Proposed by Mr E.J. Lee

Seconded by Mr N. Lydon and

Resolved:—

We have at our meeting today given the most careful consideration to the question whether the Galway Technical Institute should be embraced in the scheme of Technical Instruction that is now being formulated by the County Council, and we have arrived deliberately at the unanimous decision that Galway should be permitted to retain the independent position it has successfully maintained for the last nine years. The advantages and disadvantages of such a position have been laid carefully before us, and we have no hesitation in stating that such a scheme would never work successfully. If Galway City were only beginning now with the rest of the County we should gladly join in with the venture but the Galway school has worked successfully for a number of years, and we believe that some consideration is due to us on that account. No such measure of success has heretofore attended any effort made by the County in this direction. We have willingly levied the maintainance amount permissible under the Technical Instruction Acts 1889 & 1891 for a long period of time. And we believe it proper to declare at this juncture that if the management of the school is taken from us and transferred to the County Council we shall feel in future obliged however indeed reluctantly to refuse any contribution from the rates towards its maintainance. If our independence from the County Council scheme will be sanctioned by the Dep. of Technical Instruction we declare our willingness to co-operate in every way towards the success of the County scheme by the interchange of teachers and in any other manner that may be practicable.

The following letter was received from the Dept. of Agriculture:—

(COPY.)

Department of Agriculture and
Technical Instruction for Ireland.
Upper Merrion St.,
Dublin.

7th October 1901.

No. 1942/01.

Sir,

With reference to previous correspondence and to the Meeting of the Technical Instruction Committee of the Urban Council at the Galway Technical Institute on the 19th ultimo, at which the Assistant Secretary in respect of Technical Instruction was present, I have to say that after further consideration of the question as to "Whether the Galway Technical Institute should be embraced in the "County Scheme of Technical Instruction that is now being formulated by the County Council", the Department have come to the conclusion that under the special circumstances of the case the Galway Technical Institute may be considered independently of the County Scheme, and that it may be dealt with as part of a separate Scheme for the Urban District of Galway which may be promoted by the Urban District Council.

The Department greatly regret that, owing to the attitude of your Committee, co-operation between the Urban and County Councils in a Scheme of Technical Instruction has been found impossible.

I am, Sir,

Your obedient Servant,

T. J. MC GILL,
SECRETARY

J. REDINGTON ESQ.

TOWN CLERK,

GALWAY.

W. J. D.

The Secretary reported that Mr. Keane had not accounted for three weeks tolls and that for the past three weeks no Water Rate had been lodged by him - and that for the last 6 weeks he had only made one payment of £5.00. In consequence of this neglect several important and urgent payments had to be postponed. Several members of the Bd. expressed the strongest condemnation at this Officer's conduct and suggested his dismissal, but eventually decided on giving him another week to make a substantial payment.

The following resolution, proposed by Mr. F. Lyden was passed unanimously resolved, that considering the intolerable bigotry recently manifested by our local would-be Unionist organ we hereby forbid the appearance of the Prop^r or any representative of that paper at any of our Board meetings, until ample apology satisfaction or substantiation of the charges made, are given to our revered Bishop and Clergy who have, in our opinion been grossly maligned by that ^{Chairman} Organ —

RESOLUTION THEREON:

Mr. Francis Lydon drew attention to a resolution passed unanimously by the Board at their meeting held on the 5th Dec^r last in reference to the Galway "Express" which prohibited any representative of that paper from attending any of the Board's meetings, till an ample apology or substantiation of the charges made by that paper was afforded. Mr. Brown, the prop^r, was present and stated that he appeared there not as a journalist but as a ratepayer, and as such, he considered he was entitled to be present. The Chairman considered that, having regard to the resolution, ~~that~~ Mr. Brown could not be allowed to be present and requested him to leave. Mr. Brown accordingly did so.

RESOLUTION THEREON:

The state of the flagging was under the consideration of the Board and Mr. Quinn was directed to report upon the places which I have been opened up by the Electric Co.

A discussion arose as to the ~~flag~~ state of the flagging of the Town and it was ~~advised~~ decided to advertise for a competent man to flag: stating class of work, &c. at a salary of about 30/- a week.

Mr. Quinn was requested to hand in his report at each & General Meeting for the future.

Mr. Keane's collection of Water Rates was under consideration. The Warrant handed to him on the 16th August 1901 amounted to £1574:2:7 out of which he appears to have collected £887:14:0 leaving £668:8:7 still uncollected. This matter together with the other questions of expense which the Committee considered might be lessened was adjourned till the 20th inst. when the Secretary assisted by Col. O'Hara would submit a Report on the whole financial position of the Board and make recommendations for their adoption.

The Committee appointed to report on the state of the roads and streets recommended that the footpaths along Salt-Hill, Taylors Hill, and Henry St be gravelled; about 300 tons will be necessary to do this work; also that an advertisement be issued for the gravel to be put on the paths—

RESOLUTION THEREON:

A report from Mr. Binns was read. He stated that several of the roads were in bad repair; principally, Taylors Hill, a portion of the Gattan R^d and Castlegar R^d. Mr. Binns was directed to see to their repair at once.

There were several applications for the post of qualified mason to act for the Board at a salary of 30^s/a week and a poll having been taken Mr. R. Kelly was selected.

Mr. Duffy in accordance with his Notice of Motion moved that the hour of meeting of the Board be 11^{am} o'clock instead of 12 Noon. On a division the motion was lost there being only 9 for the change of hour - ~~2~~ ^{as} against ~~12~~ for the usual hour.

The following Tender for manure was accepted:—

Patrick Morris No. 4 Arap at £1:10:0

It was ordered to send the Steam Roller to Salt-Hill and afterwards to Taylors Hill.

Mr. Kean reported that the sand supplied by John Kelly at Salt-Hill was not equal to the sample, and it was decided to cancel Kelly's ~~tender~~ contract and to give it to Griffin ^{of the Salt-Hill} who were the next lowest at 2^s/a per ton to be delivered in any quantity required.

Mr. Dant Lydon proposed that the Midland Railway be written to in regard to starting a Workshop in Galway and Mr. Bowler moved the foll. resolution which was seconded by Mr. O'Donoghue & passed unanimously.

"Referring to the General Meeting of the Midland Railway Co. held at Broadstone lately and to the suggestion that the Company should construct their own locomotives waggons and carriages instead of having them built elsewhere, the Galway Urban Council desire to draw the attention of the ~~Company~~ to their premises at Newcastle where which includes the old distillery buildings, as a most desirable place for the construction of these work shops. The water power there is sufficient for far more than what would be required for the necessary machinery no matter how expensive, and the outlay for roofing the buildings would be trifling; the Urban Council consider it superfluous to point out the natural advantages to Galway Harbour for the delivery of cargoes of coal, iron, timber, &c. and they hope the Directors of the Midland Railway will give the fullest consideration to their application and have these buildings established here."

SUBJECT:

RESOLUTION THEREON:

W Francis Lydon brought under the Notice of the Board the action of the Lough Corrib Navigation Trustees in raising the gates of the River lately thereby lessening the water supply to the woollen mill and the Town generally. A committee of two, viz. John Connolly and Michael Browley were appointed to confer with the woollen factory and the Lough Corrib Steam Boat Company and Millers Association with a view of reporting to the Board the advisability of taking legal proceedings against the Lough Corrib Drainage Trustees.

W Nien was directed to serve Notice on the caretaker at Fairhill to give up possession of the old house occupied by him —

A letter was read from the Harbour Commissioners applying for the loan of the Steam Roller and Crusher and asking what the Board would charge for same. The Secretary was directed to write in reply that the Crusher could be lent in three weeks time: the cost of hiring same to be ascertained by W Burns.

The Secretary was directed to write to W Farnegie asking for his support in starting a public library in Galway in conjunction with the Technical Education Committee and for ~~the~~ which has existed here for several years and for which the people of Galway are paying a tax of 10 in the £.

The foll. Resolution was proposed by W J. Lyden, seconded by W H. McMurphy & carried unanimously.

"That we, the Galway Urban Council, humbly and respectfully tender our most sincere congratulations to His Holiness Pope Leo 13th on the occasion of his attaining the 25th year of his Pontificate, and we pray that he may long be spared to guide the destinies of the Church."

The following Special Business came before the Meeting:—

SUBJECT:

RESOLUTION THEREON:

It was proposed that two life-buoys be purchased for preservation of life at Blackrock.

Passed unanimously

A complaint was read in regard to the dangerous state of ^{the} cellars in Cross St. there being no railing or railings over either - and W. Kean was directed to have the cellars put in proper order. The cost of which to be defrayed by the respective owners of the two cellars.

W. Henry Murphy proposed a vote of Thanks for the National Hunt Committee for the grant of £200 to the Galway Races.

Passed unanimously

W. Dinns reported that the Steam Roller and Crusher were now in fit order for work, and it was directed to hand them over to the Harbor Commissioners according to previous arrangement at rate of 30/- a day. Their liability to commence from Monday Next 12th April.

Proposed by P. Curran,

The following Resolution was unanimously adopted:

"That we, the Galway Urban Council, join with the numerous other Councils throughout the Country who are unanimously in favour of the Bill addressing the glaring grievances of the Town Tenants in Ireland, and we are firmly convinced that fixity of tenure for terminable leaseholders in towns, is on a par with a settlement of the Land Question. We trust that those anxious for the welfare & material prosperity of the Country, will not fail, when the Bill is introduced on May 2, to give it their undivided support. And further we are of opinion that the confiscation of Town Tenants' improvements is an anomaly of the Existing Law."

RESOLUTION THEREON:

Mr. H. M. Murphy referred to the resignation of Mr. James O'Donohue and moved that he be asked to re-consider his decision as to his resignation as Chairman.

And a poll having been taken the resolution was carried by a majority of three votes.

Two applications for payment were read, one from the Gas Company and the other from the Inland Revenue for Income Tax.

And it was decided to pay the Gas Company £300 on a/c & to pay the Income Tax in full.

Mr. Neave was directed not to allow the Gas Company to take away any of the Gas lamps belonging to the Urban Council.

The Secretary was directed to call Mr. Perry's attention to the openings in the streets made by the Electric Co. for the purpose of repairing their mains.

Mr. Burns was again directed to submit a weekly report of the state of the Roads & Streets.

Mr. Burns's report relative to the Swamp at Fairhill was read and the further consideration of this matter was postponed until the next general meeting, and the Secretary was requested to send a copy of this report to each member.

Urban Council
Galway, May 8th, 1905.

SIR,—I beg to notify to you that the Adjourned
General Meeting of the Council will be held at the Board-
room, County Buildings, Galway, on Thursday, 11th
instant, at the hour of 12 o'clock, noon.—I am, Sir, your
obedient servant,

J. REDINGTON, Secretary.

To Each Member of the Council.

BUSINESS:

- I.—Minutes
 - II.—Letters from L.G.B. in reference to Loans
Advances.
 - III.—Report of Finance Committee re Finances and
Water Rate Collection and other matters; Letter
from Mr. C. J. Leaper in reference to lamp at
Technical Institute.
 - IV.—Report of Committee appointed to inspect Fair
Hill Slob Lands:—
- Mr. Chairman and Gentlemen—Your Committee,
accompanied by your Engineer, visited the slob lands at
Fair Hill, and beg to report as follows:
- There is a breach in the foreshore embankment,
through which the tide flows and floods the slob lands.
The width of the breach is only about 80 yards. We
recommend that this breach be embanked by a stone and
earth embankment strengthened by piles being driven into
the gravel. The height of the embankment will not, in
any place, exceed eight feet.
- There are two culverts under the Pier Head with tidal
flaps, and the tidal flaps will require to be repaired.
If the tide is excluded from the slob lands, it is a large
area that can immediately be made into valuable land
by Drainage.
- We recommend that the entire ground be fenced in.
We recommend that in future all dirt be deposited in
the vicinity of the proposed Dam.
- We have requested your Engineer to prepare Esti-
mates for the various works proposed with the view of
applying for a loan in the event of your Council approving
of our recommendations. Your Committee are of opinion
that the enhanced value of the lands when reclaimed will
more than repay the instalments on the proposed loan.

NOTE.—Premises are registered for keeping either (a.) gunpowder or (b.) mixed explosives. In premises registered for gunpowder, only gunpowder and cartridges or charges for cannon or blasting made with gunpowder, and not containing within themselves their own means of ignition, may be kept. For any other explosives, whether with or without gunpowder, the Premises must be registered for mixed explosives.

Any explosives, each of which may lawfully be kept in Premises registered for mixed explosives, may be kept in the same registered Premises, provided they are separated from each other by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject nevertheless to the following qualifications:—

- (a.) The various explosives of Classes 1, 2, 3, 4, safety fuses belonging to the 1st Division of Class 5, and such of the various explosives of the 2nd Division of Class 6 as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
